Why Register for ALL programs?

- 1) Registration helps ALL prepare for programs by making sure we have adequate seating and handouts for program participants. Occasionally a bigger room needs to be arranged for popular programs.
- 2) Registration helps ALL advise presenters of the number of anticipated participants.
- 3) Occasionally programs with low participation are cancelled at the request of the presenter.
- 4) Registration helps ALL advise participants of program changes or cancellation.
- 5) Some programs have limited capacity. Registration helps ALL monitor program capacity and advise participants accordingly.

ALL has implemented a system to register for ALL programs online.

You are still able to register with the form included with your program guide.

However, you may find it easier to register electronically with your computer or smartphone.

There is no need to register both ways. Register using one way or the other.

Becoming an Oenophile* One Tasting at a Time (*lover of wine)

Thursday, October 8, 2026

5:00-6:30 pm

8121 E Grand Lake Rd., Presque Isle

Coordinator: Sherry Capper

515-419-1846

Join in an enlightening and delightful tasting of five wines with a little conversation about each, and about wine in general. The philosophy behind the ever-evolving Birch Hill wine set is that -- with more than 100,000 wineries around the world, most of which are small (producing 60,000 to 100,000 bottles per year); and easily 2000 (of 10,000 total) varietals of grapes used in wine, each translating the unique terroir in which it grows -- we strive to learn about and offer an eclectic, ever-changing wines from small (non-industrial) wineries, every bottle of which is 'good'. After all, as people say, life is too short to drink bad wine! Please come taste for yourself. Food, cheeses etc. available for purchase to enjoy with the wines you taste.

Kris Fairey whose family has come to Grand Lake since 1924, moved to Presque Isle in 2021, then bought Birch Hill Grocery. She earned degrees in English (BA), Divinity (MDiv), History (MA), and Renaissance Studies and History (joint Ph.D.), all from Yale, and spent the first forty years of adulthood in education (and raising three children). Kris says running the store has been perhaps the most creative, challenging, simply fun, endeavor, of any. And learning about and tasting the wine has been among the most enjoyable parts of it!

Santa Muerte has been called the "fastest-growing religion in the Americas." Join religion scholar Brian Carwana for an introduction to this devotion centered on Saint Death—or the "Bony Lady"—a female figure often likened to the Grim Reaper. Her devotees in Mexico and elsewhere have grown rapidly in recent decades, much to the dismay of Catholic and Pentecostal churches. This lecture also explores the Day of the Dead, a tradition that is unrelated to Santa Muerte but also features skeletons in an unusual event that mixes mourning with festivity. Together, these practices offer insight into how death is understood, commemorated, and given meaning in Mexico and other Latin American cultures. **This is a Road Scholar Online Lecture presented via Zoom and offered by ALL for viewing at Madeline Briggs .**

ACC Madeline Briggs Center 140

989-464-7107

Just about everybody likes to play games, but most of us would agree that without rules, there would be little point in playing them. Thinking is much the same: over many centuries, we have developed rules of logic to help us distinguish sound thinking from faulty thinking. When we violate those rules, the consequences can be serious—poor decisions, irrational conclusions, and a diminished ability to judge what is true or false.
